Importer of Record and CARM

Context

1. Importers and owners are required to account for goods imported into Canada. Customs brokers may account for the goods on an importer's or owner's behalf, declaring their client or themselves as the importer of record. A person authorized may account for goods in lieu of the importer or owner and become the importer of record under the Courier Low-Value Shipment Program.
2. The CBSA recognizes customs brokers and persons authorized as authorized agents.
3. To transact business with the CBSA, commercial entities must have a business number (BN) with an import/export account number (RM). Those together identify the importer of record.

Non-Resident Importer/ NRI

The NRI program allows Mexican businesses to get a Canadian Business Number (BN).

Become a non-resident importer and act as your own distributor to Canada.

The requirements include record keeping, posting of a surety bond to benefit from customs release prior to payment of import fees, and reporting.

Note that different methods for determining the value for duty may be necessary for NRI imports.

Commercial Invoice / Invoice for Customs

The Most Fundamental of All Documents Necessary for Import!

Necessary data elements include:

- Seller and Consignee full name, address, phone and email
- Detailed description of each item being shipped
- Net and gross weights (net weight excludes packaging)
- Unit and total value(specify currency)
- Shipping Terms and terms of payment
- Date of shipment
- Reference or order number
- Import license (if applicable)
- Freight charges and insurance (C.I.F. Value)

The image shows a sample of a Canada Customs Invoice (Form 1). The form is bilingual, with English and French text. It includes fields for the seller and consignee, a detailed description of the goods, quantities, values, and shipping information. The form is numbered 1 and is titled 'CANADA CUSTOMS INVOICE' and 'FACTURE DES DOUANES CANADIENNES'. There is a 'JET' logo in the bottom right corner of the form.

Invoice can be via a Canadian Commercial Invoice (CCI) or Commercial invoice that includes necessary data.

HS Codes

Mexican HS codes versus Canadian HS codes

The main difference between HS codes in Mexico and Canada lies in the additional digits. The first six digits are harmonized globally

Generic Harmonized System (GHS) to Canada

Canada has a tariff classification process for qualified postal and courier imports. The system may be used in lieu of a more detailed classification. This a great benefit for e-commerce imports.

This gives the option to apply one of three generic Most-Favoured-Nation (MFN) tariff rates. Assessment on “special classification provisions” found in Chapter 98 of Canada’s Customs Tariff.

GHS Tariff Structure		
Tariff Item	MFN Tariff	Preferential Tariff Treatment
9825.10.00	20%	e.g. UST/MT/ CT - Free
9825.20.00	8%	e.g. UST/MT/ CT - Free
9825.30.00	0%	e.g. UST/MT/ CT - Free

Valuation / Value For Duty

Transaction Value

In the majority of the cases, the correct value to declare at export and import is the “transaction value.” The transaction value is the price paid - or payable - for the goods.

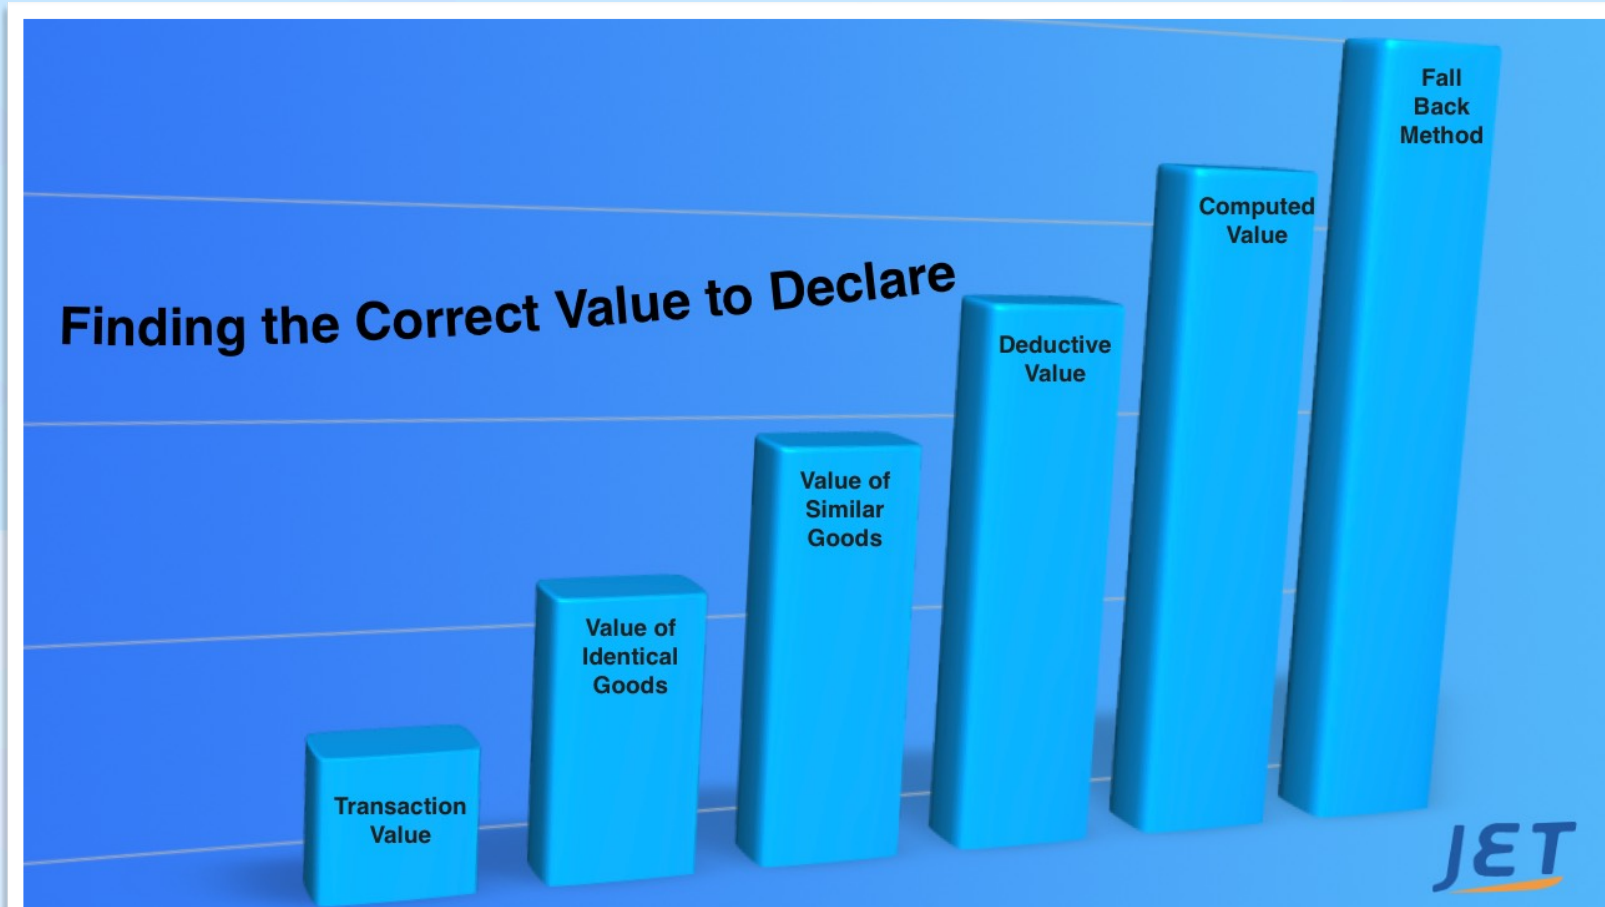

Customs considers the cost shipping and insurance as part of the transaction value (known as CIF value).

Country of Origin

Just the purchase and shipping an item from Mexico does not grant duty free status to Canada

Shipping from Mexico \neq Mexican origin goods

To benefit from preferential duty free import to Canada, goods must qualify under the rules of origin under the CETA

All Shipments from Mexico are subject to:

- Standard import processing
- “Most Favoured Nation” / default rate of duty (unless they qualify as originating)
- Restrictions on specific categories including food, drugs and alcohol

Canada's Import Tariffs / Duty

Import Duty is primarily determined by three main factors

- HS Code / tariff classification
 - Country of Origin
- = % Duty

$\% \text{ Duty} \times \text{Value} = \text{Resulting duty assessment}$

* Note that duty is sometimes based on volume, weight or other measurements rather than value

Other Canadian Import Fees

- Federal and Provincial sales tax
- Entry Preparation and related Fees
- Carrier Disbursement Fee

Return Solutions and Logistics Support

A necessary consideration when setting up export processes to a foreign country is management of returns.

- Refused deliveries
- Damaged goods
- Regular product returns
- Receive and reship

Jet Worldwide currently manages Amazon removal order, and return support for overseas companies. Goods ship back via economy air or LCL ocean.
